Make the most out of your doctor's visit

Fill out this guide and bring it to your next doctor's appointment to help get the conversation started about EKTERLY.

WHAT IS EKTERLY® (sebetralstat)?

EKTERLY is a prescription medicine used to treat sudden (acute) attacks of hereditary angioedema (HAE) in adults and children aged 12 years of age and older. It is not known if EKTERLY is safe and effective in children under 12 years of age.

IMPORTANT SAFETY INFORMATION

Before taking EKTERLY, tell your healthcare provider about all of your medical conditions, including if you:

- Are pregnant or planning to become pregnant. It is not known if EKTERLY can harm your unborn baby.

Please see additional Important Safety Information throughout and click here for full [Prescribing Information](#), including [Patient Information](#).

Your current HAE attack management plan

1. Do you currently have an on-demand (also known as rescue or acute) medication to treat your HAE attacks?

☐ Yes ☐ No

If you answered “Yes” to question 1:

2. In the last 3 months, how many HAE attacks have you treated with your current on-demand treatment?

☐ All ☐ Most ☐ Some ☐ None

3. If you didn't treat all your attacks, why not? (Select all that apply)

- ☐ I don't carry my medication with me all the time ☐ Preparation takes too long ☐ I don't like needles/get painful reactions from them
- ☐ I need help with administration ☐ I don't have an on-demand medication ☐ Other:

Even if you're on preventative therapy, US Hereditary Angioedema Association (HAEA) guidelines recommend you **always have an on-demand HAE treatment** on you to be used at the onset of an attack.

IMPORTANT SAFETY INFORMATION (continued)

Before taking EKTERLY, tell your healthcare provider about all of your medical conditions, including if you:

- Are breastfeeding or plan to breastfeed. It is not known if EKTERLY passes into your breast milk. Talk to your healthcare provider about the best way to feed your baby while taking EKTERLY.
- Have liver problems.

Please see additional Important Safety Information throughout and click here for full [Prescribing Information](#), including [Patient Information](#).

Optimizing your management plan

4. What are you looking for in an on-demand HAE treatment? (Select all that apply)

- ☐ Works quickly ☐ Little to no side effects ☐ Something I can easily take with me everywhere ☐ A less painful way of treating

5. What about EKTERLY interests you? (Select all that apply)

- ☐ The effectiveness of EKTERLY ☐ The safety of EKTERLY ☐ It is a convenient pill that doesn't require prep, setup, or refrigeration ☐ I don't like needles/find injections painful

Next steps

Talk to your doctor to see if EKTERLY could be the right on-demand treatment for you.

Use the space below to make note of any other questions you may have about starting EKTERLY.

IMPORTANT SAFETY INFORMATION (continued)

Tell your healthcare provider about all of the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements. Taking EKTERLY with certain other medicines can cause side effects or affect how well EKTERLY or the other medicines work. Especially tell your healthcare provider if you take any of the following, as their use with EKTERLY is not recommended: itraconazole, phenytoin, efavirenz.
